## EDUCATION

<b>Bachelor of Computer Applications</b> Thiruthangal Nadar College	CGPA - 7.1	August 2020 - May 2023 Chennai, TN, India
<b>Higher Secondary Education</b> Sri Shuddadwaita Vaishnav Higher Secondary School	CGPA - 6.0	August 2019 - May 2020 Chennai, TN, India
<b>Senior Secondary Leaving Certificate</b> Sri Shuddadwaita Vaishnav Higher Secondary School	CGPA - 6.1	August 2017 - May 2018 Chennai, TN, India

---

## SKILLS SUMMARY

- **Languages:** Html, Css, JavaScript, ReactJs, NodeJs, Java, SQL(DML,DDL,TCL)
  - **Tools:** MySql, Oracle Database, Eclipse, VsCode
  - **Soft Skills:** Communication, Problem solving, Team work, Leadership
- 

## PROJECTS

### LOGIN FORM - JAVA

- The Login Form is a simple desktop application built. It allows users to input their username and password to log into the system. The credentials are verified against records stored in a MySQL (DML,DDL,TCL) database using JDBC for database connectivity. If the login is successful, the user is granted access otherwise an error message is displayed. This project demonstrates basic authentication functionality.

### WEATHER WEB APPLICATION

- Building a weather web application using HTML, CSS, and JavaScript involves creating an interactive interface that fetches and displays real-time weather data. The application integrates with a weather API, such as OpenWeatherMap, to retrieve information like temperature, humidity, wind speed, and weather conditions based on user input. The UI includes a search bar for city input and dynamically updates using JavaScript. CSS enhances the design with responsive styling and animations. JavaScript handles API requests, processes data, and updates the DOM.

### RESPONSIVE SHOPPING WEBSITE

- Designed and developed a fully responsive shopping website using HTML, CSS, and JavaScript. Implemented a clean, user-friendly interface with modern styling techniques and ensured cross-device compatibility. Features included dynamic product listings, an interactive shopping cart, and seamless navigation to enhance the user experience.
- 

## ADDITIONAL INFORMATION

- I regularly engage in coding on platforms such as HackerRank and LeetCode.
  - Attended a workshop on Web Development, learning HTML, CSS, JavaScript, and modern frameworks. Gained hands-on experience in building responsive websites, improving UI/UX, and enhancing coding skills for web applications
  - **Languages:** English, Tamil
  - **Certifications:** Besant Technologies certified JavaFullStackDevelopment Course with Internship.
